Q: How to Update Checkstyle rules in JBoss Fuse I have added Checkstyle rules to JBoss Fuse and would like to be able to use the Web Bundle to update the rules. The error I am getting is: org.jboss.as.server.deployment.DeploymentUnitProcessingException: No errors I have made sure I have the Checkstyle classes in my dependency jar included. Any help would be appreciated.

A: Here is the list of all Checkstyle tests. The Http check is your build. Please note that Checkstyle don't know about the rules of Fuse, therefore you can't check it against a site like Sonar. You need to use "an existing rules base" (as said in the Checkstyle configuration documentation). Checkstyle supports a wide variety of targets. You must tell the check what target you want it to run on. The configuration file must be named site.properties. The default target is CheckStyle. Check that your property file: site.properties includes tests=http See
